September 14, 2023

Dear Members of the Halton-Peel Dental Association,

The generous donation from Halton-Peel Dental Association has gone directly towards our Rebuilding Lives expansion project, which has more than doubled our current capacity. When we open our doors to the new building later this year, we will be welcoming 10 more families into our program. These families will have access to weekly counseling, art therapy, workshops with knowledgeable facilitators, legal support, housing assistance, and more. Armagh will become a safe place for these individuals to get back on their feet and rebuild their lives free from violence.

We are so excited to see this project come to life, and it would not be possible without your continued support. HPDA will be recognized on our website, as well as in our Annual Report which will be published shortly.

Thank you!

Kind Regards,

*Emily Porcellato*
